need to drive around a city map to complete their contracts. They are given a contract to take down a target, and are given a “bonus” that will allow them to earn more money and buy weapons and vehicle upgrades. The open-world style gameplay is broken up by two different modes. The first mode is called “Contracts”. When players complete a contract, they are awarded in-game currency. Contracts can be done in multiple ways. Depending on the target, players can do any of the following: Disable vehicle engines, destroy weapons and vehicles, or destroy infrastructure. After players complete a contract, they’re given a “bonus”. This bonus can be spent to purchase weapons, vehicles, or to upgrade and maintain weapons and vehicles. Different vehicles can be upgraded to increase durability, health, fuel consumption, speed, and more. Vehicles can be further modified to further increase their performance. Different weapons can also be purchased, and can be further modified to increase damage and damage over time. 82157476af
